Allencrest Group LLC

Lodging management for organizations sending staff to an area

Capability statement
source.allencrest.com

Overview

Allencrest is a hospitality company that manages lodging for organizations sending staff to an area. We contract rooms with local hotels, manage reservations and rooming lists, and handle booking and payment. The customer receives one invoice, itemized by hotel and night; each hotel deals with one account. We are not a travel agency.

Core capabilities

- Group lodging for meetings, conferences and training, on a master-billed purchase order
- Lodging for field staff and project teams working away from home
- Sourcing and quoting rooms from multiple local hotels, to meet location, room-type and accessibility requirements
- Reservation and rooming-list control, including mid-stay changes and relocation
- Direct payment to hotels; single itemized invoice to the customer
- One reservation record per stay, with confirmation numbers supplied to the customer
- Customer and hotel portal for requests, changes, status tracking and invoices

Past performance

Minnesota Department of Natural Resources

Group lodging, Fall Naturalist Meeting. State PO R2901-3000310512 (event 2000018755). October 26–29, 2026. Completed.

Lodging for 51 State staff on a State purchase order. Booked the rooms from the State's rooming list and, at the State's request, moved the full group to a second hotel the same evening while holding the contract price. Reference available on request.
